

18GBPS UP/DOWN SCALER, BOOSTER, & EQUALIZER AC-SC1-AUHD

THE SOLUTION YOU HAVE BEEN LOOKING FOR. THIS SCALER, FEATURING AUDIO DE-EMBEDDING AND EDID MANAGEMENT, IS THE IDEAL SOLUTION FOR INTEGRATORS THAT NEED TO DISTRIBUTE A SIGNAL TO A VARIETY OF DISPLAYS AND MAINTAIN AN OPTIMAL PICTURE.

Enjoy the versatility of up/down scaling, image enhancement, audio access from the stream, and the ability to resolve EDID issues (including 4K, HDR EDIDs). This scaler is ready for future content, as well, with the ability to distribute 18Gbps signal. Yet, if you have 1080p displays, the AC-SC1-AUHD will make sure it's getting the correct picture. This product works great alongside one of the AVProConnect's matrix switches allowing the best resolution possible for the customer!
